

# Sano Soft

## Skin caring cream – high-quality caring emulsion for dry and sensitive skin

### Fields of application:

Especially in the healthcare sector, the skin is exposed to countless challenging influences. A mild, regenerating skin care provides support in maintaining the good health of highly stressed skin. Therefore, it is particularly important to take enough time for the hand and skin care in order to prevent long-term chronic damages to the skin.

Sano Soft cares for the sensitive and allergy-prone skin. Nurturing substances support the natural functions of the skin and guarantee a mild skin care. Sano Soft is well absorbed and non-greasing, and can therefore be perfectly applied during work. Sano Soft is used for the gentle skin care of personnel in the healthcare sector.

It is free of parabens, perfumes and colourants and is suitable for all skin types.

### Special characteristics:

- contains highly valuable substances
- absorbs well and is non-greasing
- rich and mild skin care
- keeps the skin smooth

free of parabens,  
perfumes and  
colourants

### Application:

Apply Sano Soft several times a day, especially after work and before longer breaks as well as in your leisure time, sparingly (pea- to hazelnut-sized amount) to the skin. Rub in gently starting with the back of the hands. Pay special attention to the areas between the fingers, the finger tips, the edges of the hands, thumbs, nail folds, and wrists. Apply more often in case of heavily challenged skin.

### Ingredients:

Aqua, Cetearyl Alcohol, Paraffinum Liquidum, Isopropyl Myristate, Ceteareth-25, Dimethicone, Ceteareth-6, Retinyl Palmitate, Helianthus Annuus Seed Oil, Phenoxyethanol, Benzoic Acid, Dehydroacetic Acid.

### Physical and chemical characteristics:
